

ITAP User Manual

Associate

My Journey is entirely your own — your profile, your progress, your current episode(s), and your leave/interest signals. No one else's data lives here, and no one but you sees your own aggregate score.

What's in My Journey

- **Profile** — your bio, photo, experience, project highlights, and skills.
 - **My Progress** — your rotation plan preview, your own aggregate score, and a history of past episode scores.
 - **Current Episode(s)** — one card per active assignment, with a journey stepper and your goal-setting text.
 - **Leave & Interests** — log upcoming leave and flag interest in a Team or CCA.
-

Step-by-step: common tasks

Fill in your profile

1. Open **Profile**.
2. Fill in your bio and click **Save profile**.
3. Open **Add an experience entry** or **Add a project highlight** to add more, then click **Add**.
4. Open **Add a skill**, type the skill name, and click **Add skill**.

What this screen looks like

A skill you add yourself is always marked self-reported. Skills tied to a specific engagement are added by your Manager or Admin, not by you.

Set your goals before your Manager freezes them

1. Open **Current Episode(s)**.
2. Find the card for the relevant assignment and edit the goal-setting text.
3. Click **Save**.

The screenshot displays the 'My Journey' page in a web application. At the top, it shows the user is signed in as 'Casey (Associate)' with links for 'User Manual' and 'Switch person'. The main heading is 'My Journey', followed by a welcome message 'Welcome back, Casey.' and navigation tabs: 'Profile', 'My Progress', 'Current Episode(s)', and 'Leave & Interests'. The 'Current Episode(s)' tab is active, showing a progress bar for 'Primary - Alex - active (2026-01-01 to open)' with three steps: '1 Goal Setting' (active), '2 Active', and '3 Closed'. The 'Goal Setting' section contains a message: 'Your manager hasn't recorded goal setting yet -- you can propose it here.' Below this is a text area for 'Proposed goals (agreed with your manager, verbally, first)' with a 'Save' button. Further down are sections for 'Your score' (showing 'Not yet scored.') and 'Give feedback about your manager' with a 'Your feedback' text area and a 'Submit feedback' button.

What this screen looks like

Once your Manager clicks **Agree & Freeze** on their side, this text becomes read-only for you.

Log leave or flag interest in a Team/CCA

1. Open **Leave & Interests**.
2. Under **Annual leave**, pick your date range and click **Declare leave**.
3. Under **Flag interest**, click **Flag interest:** next to any Team or CCA Activity you'd like to be considered for — click **Remove interest:** later if that changes.

My Journey

Welcome back, Casey.

[Profile](#) [My Progress](#) [Current Episode\(s\)](#) [Leave & Interests](#)

Annual leave

Purely informational, for manager/admin planning purposes — no approval workflow. Declaring dates here doesn't need anyone to sign off.

No leave declared yet.

Start date

2026/09/13

End date

2026/09/14

Note (optional)

Declare leave

Flag interest

A general interest signal only — not a request or preference to move. Flagging a Team or CCA here doesn't let you choose your next placement; it just tells the central team you'd welcome a conversation about it, if one makes sense.

Teams

No teams in the catalog yet.

CCA activities

No CCA activities in the catalog yet.

What this screen looks like

Leave needs no approval — it's informational. Flagging interest is a standing signal to your Manager/Admin, never a placement request.
